By Yi Yang, Donna West-Strum : Understanding Pharmacoepidemiology (LANGE Clinical Science)
Understanding Pharmacoepidemiology (LANGE Clinical Science):

0 of 1 review helpful Good textbook easy to read By Eugene This textbook is very easy to read and it makes a lot of sense I noticed how quickly it is to read it I was able to finish the book without problems within 1 day before the exam The drawbacks include infrequent typos but they do not seem to interfere with the information presented Examples and case studies in the book are very helpful It is a A concise introduction to the study of medication utilization and safety in large populations of people I found this book useful and clear and appropriate for beginners in the world of

research and specifically pharmacoepidemiology Students could easily learn from this book if used in a classroom setting where the professor could use the discussion points and questions at the end of each chapter to evaluate student learning While it reads like a t About the Author Author Profiles Donna West Ph Ph D University of Mississippi Chair of Pharmacy Administration University MS Donna West Strum most recently was associate professor in the Division of Pharmaceutical Evaluation and Policy
