0 of 0 review helpful Not a good experience By brownie10 This was one of the worst textbooks I have used in my academic career Most striking is the very poor grammar throughout the book which greatly decreases ease of understanding The text was also written in such a way that is incredibly wordy and not at all concise The material

within each chapter was poorly organized Often bolded terms within the text which yo Get the BIG PICTURE of Medical Biochemistry ndash and target what you really need to know to ace the course exams and the USMLE Step 1 300 FULL COLOR ILLUSTRATIONS Medical Biochemistry The Big Picture is a unique biochemistry review that focuses on the medically applicable concepts and techniques that form the underpinnings of the diagnosis prognosis and treatment of medical conditions Those preparing for the USMLE About the Author Lee W Janson Ph D M D Family General Practice Emergency and Flight Medicine Physician Edinburgh Scotland UK Marc E Tischler Ph D Professor of Biochemistry and Physiology and Medicine Department of Biochemistry and
