Lawyers everywhere but especially those within the European Community are becoming increasingly aware of the need for an understanding of each other's legal systems. This is particularly true of commercial law of which the law of contract is the foundation. Written primarily for lawyers and law students in the Common law world, this book explains the principles of the French law of contract and compares them with those of other European legal systems. This second edition is an ideal book for a comparative treatment involving the French Law of Contract. D. L. Carey Miller, University of Aberdeen. It is excellent in length and coverage. J. S. Bell, Leeds University. About the Author
