By William H. McNeill : Plagues and Peoples is there extra biblical evidence of the ten plagues in egypt are the ten plagues god used to judge egypt mentioned anywhere outside of the bible a pandemic from greek pan quot;allquot; and

demos quot;peoplequot; is an epidemic of infectious disease that has spread through human populations across a large
Plagues and Peoples:

7 of 7 review helpful Clarifies life By Laurence Chalem There does seem to be a correlation between the years that a writer immerses her or himself in the subject matter and the sheer number of sources cited And then there are those writers that expand their own horizons and encompass and become proficient in many different subjects Well this book was deftly written by a writer of history that has also become proficien Upon its original publication Plagues and Peoples was an immediate critical and popular success offering a radically new interpretation of world history as seen through the extraordinary impact political demographic ecological and psychological of disease on cultures From the conquest of Mexico by smallpox as much as by the Spanish to the bubonic plague in China to the typhoid epidemic in Europe the history of disease is the history of humankind With t com No small themes for historian William McNeill he is a writer of big sweeping books from The Rise of the West to The History of the World Plagues and Peoples considers the influence of infectious diseases on the course of history
