By Spencer L. Seager, Michael R. Slabaugh : Chemistry for Today: General, Organic, and Biochemistry all exhibitors 788 expo hours tuesday thursday february 27 march 1 2018 900 am 500 pm exhibitor list click on exhibitor name for more details this review is a primer on the three main mechanisms of cell death apoptosis autophagy associated cell death and necrosis the authors discuss the clinical Chemistry for Today: General, Organic, and Biochemistry:

0 of 0 review helpful Ok but not the best By shellebelle I purchased this book as a substitute for the new textbook requirement of my chemistry course The chapters are basically the same but about 25 of the practice questions are

different from the new book They keep adding new problems so if your professor assigns homework it s going to be a waste to buy the old version Also this book is heavier than the new one 0 of Distinguished by its superior allied health focus and integration of technology Seager and Slabaugh s CHEMISTRY FOR TODAY GENERAL ORGANIC and BIOCHEMISTRY Seventh Edition continues to meet students needs through diverse applications examples boxes and outstanding technology tools Prompts throughout the new edition lead students to OWL web based learning system two unique online programs that extend the lessons of the text and help students study smarter In About the Author Spencer L Seager retired from Weber State University in 2013 after serving for 52 years as a faculty member of the chemistry department He served as department chairman from 1969 until 1993 and taught general and physical chemistry at the univ
