0 of 1 review helpful Five Stars By Adam A Product 0 of 1 review helpful A dissertation on weight culture meaning By K E I found this book to be helpful in delineating America s current decline into obesity It s absolutely cultural and probably the biggest threat we have today in terms of resources and long term consequences to society I have many In the past decade obesity has emerged as a major public health concern in the United States nbsp and abroad At the federal state and local level policy makers have begun drafting a range of policies to fight a war against fat including body mass index BMI report cards ldquo snack taxes rdquo and laws to control how fast food companies market to children As an e This is a timely and thoughtful book It clearly reveals the disconnect between public pronouncements on obesity and what a great many fat people experience in their own lives
