By PhD, Prof Randolph M. Howes MD : Reactive Oxygen Species vs. Antioxidants: The Oxypocalypse or The War That Never Was

reactive oxygen species vs antioxidants the oxypocalypse or the war that never was reactive oxygen species vs antioxidants the oxypocalypse or the war that never was manual timberjack 1010 manual 2015 tri Reactive Oxygen Species vs. Antioxidants: The Oxypocalypse or The War That Never Was:

0 of 0 review helpful Good anti hype science By robin a ely Very technical but presented well enough for individuals without scientific background Recommended use of antioxidant vitamins to treat varied medical maladies is based on the invalidated free radical theory The continued non acceptance of the null findings of over 500 clinical trials on vitamin and antioxidant supplements has no scientific basis or biochemical plausibility The underlying principles of the free radical theory have been proven to have repeated unreliability It fails to meet the requirements of the scientific method and lacks reproducibility About the Author Dr Howes was born on a small strawberry farm East of Ponchatoula Louisiana He attended Southeastern Louisiana University SLU and was honored as a SLU Legend and as an Outstanding SLU Alumnus along with Robin Roberts of ABC News Good Morn
