By Michael A. Lieberman, Rick Ricer : Lippincott's Illustrated Q&A Review of Biochemistry lippincotts illustrated reviews biochemistry softbound by lww fourth edition 2007 harpers illustrated biochemistry harpers biochemistry review article medical progress respiratory syncytial virus and parainfluenza virus caroline breese hall md n engl j med 2001; 344:1917-1928 june 21 2001 doi Lippincott's Illustrated Q&A Review of Biochemistry:

2 of 2 review helpful Almost five Stars By BrokeMedStudent I what is so nice about this book is that some of the questions show up on course examinations so it really helps prepare for those and the questions make you think Worth the especially for the electronic version while it is kinda difficult to switch between pages quickly using bookmarks

but it's doable so it is super easy to carry around Recommend Lippincott's Illustrated Q A Review of Biochemistry offers up to date clinically relevant board style questions perfect for course review and board prep Approximately 400 multiple choice questions with detailed answer explanations cover frequently tested topics in biochemistry including introductory human genetics cancer biology and molecular biology The book is heavily illustrated with photos or pathway diagrams in the question or answer explanation
