1 of 1 review helpful NOT for use as a main text If your teacher has this as the main text promptly switch to a different section if you can By Nicole This text is very bare Not enough detail and no answers for problems in book to work with If you choose this for students please only use it as a workbook or lab manual and NOT a main text Provide solutions to practice problems This is not nearly enough for use as a TEXTBOOK ONLY Good condition May present Minor or HEAVY shelf wear Great customer service
